

Stray Dog

Lodi, CA

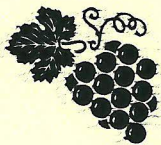

Tasting Notes

Zinfandel:

In his early years of winemaking in Paso Robles, Mark Gendron had a large playful dog wander into the winery barn. Dogs are a frequent sight at wineries, all sizes and breeds. He was excited to find friends. Running and jumping around, he "accidentally" leapt into a vat of zinfandel. Shocked and afraid, he scrambled out and ran away. He gave everyone quite a laugh, and they never saw the "Stray Dog" again.

This Zinfandel is a combination of the best fruit from our favorite vineyards. Chocolate, wild berries, cranberry, and blueberry combine with a soft spicy pepperiness. A little briar and tar near the end leaves a "zip" on the end of your tongue.
